

Initial Tachograph Training Course

Held at our state-of-the-art training facility in Waterford Airport Business Park

About The Course

The training course is recognised by the NSAI (National Standards Authority of Ireland) and is developed in full compliance with Commission Regulation (EC) No. 1360/2002 and Regulation (EU) 165/2014.

Course Details

- The course runs for four days, providing ample time for both theoretical and practical learning.
- Limited to ten participants to ensure personalized attention and an interactive learning experience.
- Each participant receives all course materials, guides, and manuals upon completion.
- The course covers all aspects of tachograph systems, including hands-on training with tachograph simulators.
- Participants perform tachograph calibrations in a real-life workshop environment, ensuring they have the knowledge and ability to perform calibrations and retrofits upon course completion.
